

Curriculum Vitae

Luis Alberto Avila Borja

2025-12-31

Contact Information

- **Address:** Av. 6 agosto s/n Zona Yurac Yurac, Sucre, Bolivia
- **Phone:** +591 71160321
- **Email:** lobo151075@gmail.com
- **Nationality:** Bolivian
- **Date of Birth:** October 15, 1975

Professional Summary

Senior Civil Engineer & Hydrogeologist specializing in computational modeling with a strong focus on Python-driven automation and AI applications in hydraulic engineering. Extensive portfolio in dam design and large-scale water projects.

Education

- **Magister in Hydrogeology and Water Resources** (2010–2013)
- **Training in Physical Hydrogeology**, University of Waterloo (2009)
- **Licenciatura in Modern Languages (German/English)** (2001–2005)
- **Licenciatura in Civil Engineering** (1994–1999)

Experience

Hydrological Specialist | D y D Asociados (2024–2025) Design of drainage systems and implementation of hydraulic infrastructure.

Dam Engineering Consultant | DESMA SRL (2023–2025) Lead engineer for multiple projects including Challhuani, Pinaya, and Cayimbaya dams.

Hydrosanitary Specialist | ARVA (2019–2021) Airport infrastructure expansion for Jorge Henrich Arauz.

Technical Skills

- **Hydraulics:** Computational fluid dynamics, Dam safety, Irrigation systems.
- **Data Science:** Python-based engineering automation, AI/ML integration.
- **Languages:** Spanish (Native), English (Fluent), German (Professional proficiency).
