

Curriculum Vitae

Luis Alberto Avila Borja

Persönliche Daten / Personal Information

Adresse / Address:	Av. 6 de Agosto s/n, Zona Yurac Yurac, Sucre, Bolivia
Telefon / Phone:	+591 711 60321
E-Mail:	lobo151075@gmail.com
Staatsangehörigkeit / Nationality:	Bolivianisch / Bolivian
Geburtsdatum / Date of Birth:	15. Oktober 1975

Berufsprofil / Professional Summary

Senior Civil Engineer and Hydrogeologist with over 20 years of experience in hydraulic infrastructure, dam design, and large-scale water resource projects. Specialist in computational hydrological and hydraulic modeling, with a strong track record applying Python-driven automation and AI/ML tools to engineering workflows. Holds advanced academic training in hydrogeology and professional language proficiency in German, enabling direct collaboration with German-speaking clients and engineering teams.

Ausbildung / Education

Magister en Hidrogeología y Recursos Hídricos (*M.Sc. in Hydrogeology and Water Resources*)
Universidad Mayor Real y Pontificia de San Francisco Xavier, Bolivia — 2010–2013

Intensive Training in Physical Hydrogeology University of Waterloo, Canada — 2009

Licenciatura en Idiomas (*B.A. in Languages — German / English*) Universidad Mayor Real y Pontificia de San Francisco Xavier, Bolivia — 2001–2005

Licenciatura en Ingeniería Civil (*B.Sc. in Civil Engineering*) Universidad Mayor Real y Pontificia de San Francisco Xavier, Bolivia — 1994–1999

Berufserfahrung / Professional Experience

Hydrological Specialist | D y D Asociados, Bolivia 2024 – 2025

- Design and technical supervision of urban and rural drainage systems.
- Hydraulic dimensioning of infrastructure using computational models (HEC-RAS, HEC-HMS).
- Coordination with public authorities and preparation of technical reports.

Dam Engineering Consultant | DESMA SRL, Bolivia *2023 – 2025*

- Lead engineer for feasibility studies and detailed design of the Challhuani, Pinaya, and Cayimbaya dam projects.
- Hydrological analysis, flood routing, and dam safety assessments.
- Oversight of geotechnical surveys and hydraulic structure design.

Hydrosanitary Specialist | ARVA, Bolivia *2019 – 2021*

- Technical design of water supply and sanitation systems for the expansion of Jorge Henrich Arauz Airport, Trinidad.
- Coordination of civil works and compliance with aviation infrastructure standards.

Technische Kompetenzen / Technical Skills

Hydraulic & Water Resources Engineering HEC-RAS, HEC-HMS, MODFLOW, FEFLOW; dam safety, flood hydrology, irrigation design, groundwater modeling.

Data Science & Programming Python (NumPy, Pandas, Matplotlib, SciPy); AI/ML integration for engineering automation; GIS (QGIS, ArcGIS).

Software & Tools AutoCAD Civil 3D, SAP2000, MS Office Suite, LaTeX/Quarto.

Sprachkenntnisse / Language Skills

Sprache / Language	Niveau / Level
Spanisch / Spanish	Muttersprache / Native
Deutsch / German	Fachkundige Sprachkenntnisse / Professional Proficiency (B2)
Englisch / English	Fließend / Fluent (C1)
